

Report on Dissemination at National Level

Activity:	Dissemination of InMotion project to Stakeholders in UTP-UMP Symposium on Energy System (SES 2017)
Organizer :	InMotion Team, Universiti Teknologi PETRONAS
Locations :	1. Universiti Teknologi PETRONAS, Seri Iskandar, Perak, Malaysia 2. Universiti Malaysia Pahang, Pekan, Pahang, Malaysia (<i>via Video Conference</i>)
Date:	26 September 2017

In conjunction with UTP-UMP Symposium on Energy System (SES) which was held on 26th and 27th of September 2017, a special session was conducted to disseminate the information regarding InMotion project to stakeholders. The session was concurrently held at two venues via video conference mode. The presentation was delivered by Dr. Mohd Zulhilmi Paiz Ismadi at UTP and was attended by 40 participants both in UTP and Universiti Malaysia Pahang (UMP) from the following organizations:

1. Universiti Malaysia Pahang (UMP)
2. Universiti Tenaga Nasional (UNITEN)
3. INTI University, Malaysia
4. Universiti Teknologi PETRONAS (UTP)

The session was started with introduction regarding the project. The presenter explained some essential information regarding the project and retraining program which was conducted in Universiti Teknologi PETRONAS and partner universities. He also described the development of new course on CMSE in conjunction with this project. Participants were eager to know more about the project and raised several questions after the presentation.

The event was made successful through collaboration between the UTP and UMP.

InMotion

Innovative teaching and learning strategies in open modelling and simulation environment for student-centered engineering education

Description

InMotion aims to continue the reform of the system of higher education in Engineering in Malaysia and Russian Federation, to improve quality of education and teaching according to the priorities established in the Bucharest and Yerevan Communiqués and to meet the demands of Strategic Framework for European Cooperation in Education and Training (ET 2020)

Partner

University of Ljubljana

Funding

Erasmus+ (Capacity Building in Higher Education, Call 2015)

Lifetime

2016 - 2019

Co-funded by the Erasmus + Programme of the European Union

UTPOfficial

InMotion **UTP**

Initiation
The first step in any project is to establish a clear vision and mission statement. This is essential for ensuring that all stakeholders are aligned and working towards the same goals.

Execution
Once the vision and mission statement are established, the next step is to develop a detailed project plan. This plan should outline the scope, objectives, and key milestones of the project. It should also identify the resources and personnel required to complete the project.

Monitoring & Control
As the project progresses, it is important to monitor and control the project's progress. This involves tracking the project's performance against the plan and identifying any deviations. If necessary, corrective actions should be taken to get the project back on track.

Closing
Once the project is completed, it is important to evaluate the project's performance and identify lessons learned. This information can be used to improve future projects and ensure that the organization is continuously improving.
